

# CHAINRING INFORMATION GUIDE

## Chainring Types

4 Bolt - Semi Speed Ring

Direct Mount - Speed Ring

## Chainring Compatibility

### **SRAM FORCE Crank Sets** *(Flat top compatible - Please specify)*

The following FORCE crank sets with removable spiders are compatible with our 4 Bolt 107BCD-SP Semi-Speed Chainring.

- FORCE AXS POWER METER (PM-FRC-D1)
- FORCE 1 AXS POWER METER (PM-FRC-1-D1)

*(Please note that the original SRAM bolt caps must be used)*

The following FORCE crank sets without removable spiders are compatible with our Direct Mount Speed Chainring.

- FORCE CRANKSET 2x (FC-FRC-D1)
- FORCE 1 CRANKSET (FC-FRC-1-D1 & FC-FRC-1-A1)
- FORCE 1 WIDE CRANKSET (FC-FRC-1W-D1)
- FORCE 43/30 WIDE CRANKSET (FC-FRC-W-D1)
- FORCE 22 CRANKSET 2x
- FORCE 1 CRANKSET

*(Older cranksets tend to use the 3 bolt interface, while newer versions use the updated 8 bolt interface. Double check the interface type required, as well as the offset needed e.g. 0mm, 3mm, 6mm. Moving to a larger chainring size may require a smaller offset)*

## SRAM RIVAL Crank Sets *(Flat top compatible - Please specify)*

The following RIVAL crank sets are compatible with our 4 Bolt 107BCD Semi-Speed Chainring. The corresponding bolt caps are listed alongside in red.

- RIVAL AXS POWER METER (PM-RIV-D1) [CAP 06]
- RIVAL CRANKSET (FC-RIV-D1) [CAP 06]

*(Please note that the chainring bolts are not supplied)*

The following RIVAL crank sets are compatible with our Direct Mount Speed Chainring.

- RIVAL 1 AXS WIDE POWER METER (PM-RIV-1W-D1)
- RIVAL 1 WIDE CRANKSET (FC-RIV-1W-D1)
- RIVAL 43/30 WIDE CRANKSET (FC-RIV-W-D1)
- RIVAL 22 CRANKSET 2x (FC-RIV-2x11-A1)

*(Older cranksets tend to use the 3 bolt interface, while newer versions use the updated 8 bolt interface. Double check the interface type required, as well as the offset needed e.g. 0mm, 3mm, 6mm. Moving to a larger chainring size may require a smaller offset)*

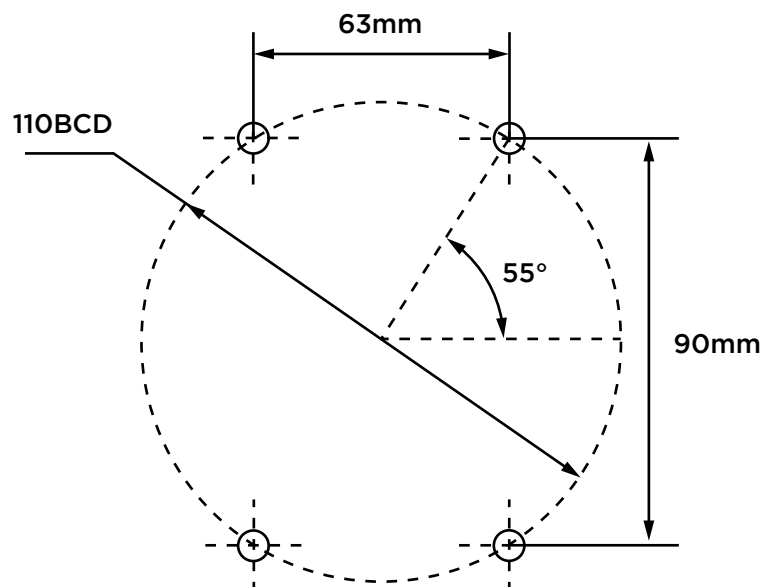

## SHIMANO 110BCD Crank Sets *(Flat top compatible - Please specify)*

The following 110BCD crank sets are compatible with our 4 Bolt 110BCD Asymmetric Semi-Speed Chainring. Our corresponding bolt caps are listed alongside in red.

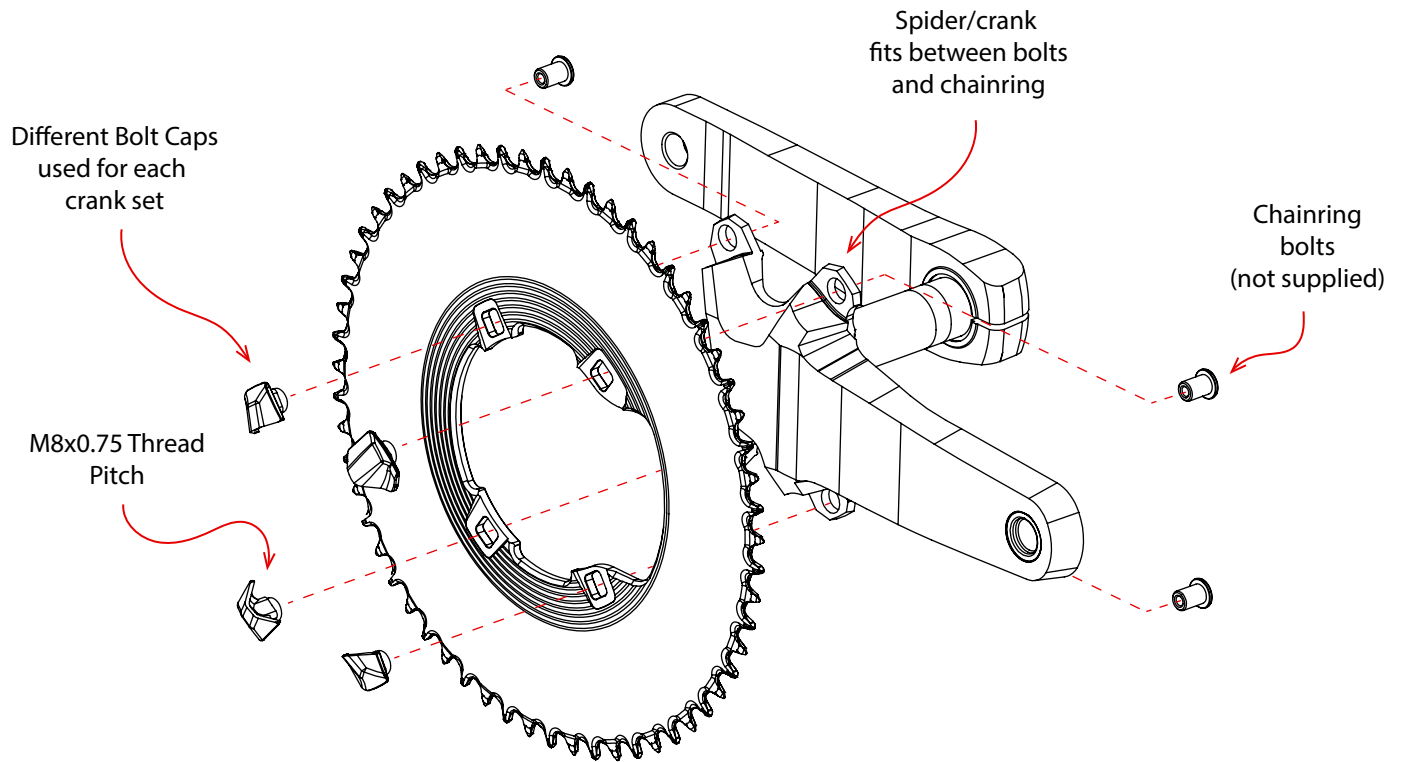

- DURA-ACE HOLLOWTECH II Road Crankset 2x11-speed (FC-R9100) [CAP 04]
- SHIMANO ULTEGRA - HOLLOWTECH II - Road Crankset - 2x11-speed (FC-R8000) [CAP 02]
- SHIMANO 105 - HOLLOWTECH II - Road Crankset - 2x11-speed (FC-R7100) [CAP 03]
- SHIMANO Road Crankset 2x11-speed (FC-RS510) [CAP 05]
- For crank sets not listed above, use our Blank Caps [CAP 01]

*(Please note that the chainring bolts are not supplied)*

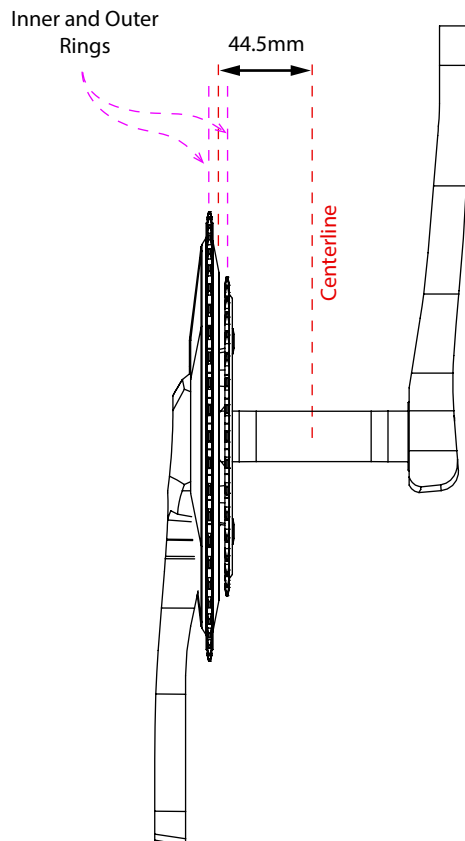

## Identifying a SHIMANO 110BCD Asymmetric Interface

## Installation & Recommended Chainline

### SHIMANO Double

### cSixx 110 Asym Gen1
